

We are an **established** but nevertheless **growth-oriented** company active in the **asset management** and **family office** fields, with international clients and offices in Zurich, Berne and Lausanne as well as a representative office in London.

For each of our offices in

Zurich and Bern

we are searching for experienced

onshore asset managers as partners

This offer is aimed at proactive **financial professionals** with long-standing experience and **entrepreneurial qualities** who wish actively to shape and use the benefits of an independent network for their careers.

You specialise in investment consultancy, already manage a corresponding portfolio and actively support a growing client base? Then we are offering you the opportunity to work **independently** and to manage your own mandates. In a well-established team you are valued and taken seriously as a co-thinker.

If you are interested in a co-operation which is based upon partnership within a positive working environment, wish to preserve your independence and are keen to shape **your quality of life** as well as your **earnings potential** largely autonomously, then our offices in **Zurich City** or in the **Bernese Old Town** are ideal for you.

We are looking forward to meeting you in person, whereby you have our assurance that the necessary level of discretion will be preserved. In this conjunction you may contact us in writing or by telephone. Mr **Kaspar Grob**, grob@h-t-p.ch, Tel. +41 44 215 17 17.
